Hi Jenny--

Wow! Working late based on the time your email was sent! I think this is coming along. My comments are attached. Since it was getting a little messy, I highlighted the new comments I added in yellow so you can find those easily.

I actually think we have 3 options for mngt team to consider:

Ex. 5 - Deliberative

Let me know if you have any questions.

Thanks all for great suggestions, edits and reorganization. Here's the second version of the rationale. Again, this is the key document, so I appreciate all the careful review.

I talked with most of you individually, so things have been evolving with each conversation. Please look at the conditions for approval as I added a couple since I last talked with people in the afternoon. Here's an update on where we're at:

We're down essentially to two options to present to management:

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Option B:

Ex. 5 - Deliberative

Ex. 5 - Deliberative

A reminder that the briefing for management on pesticides is Wednesday, August 20 from 12-2pm PST/1-3pm Mountain. I'm updating the issues paper for management based on this rationale document.

Please let me know if you're interested in coming and I'll forward the meeting and agenda to you. You only need to come for the pesticides piece.
